

WOOD BADGE FOR THE 21ST CENTURY

N6-528-11-1

WEEKEND #1: 9/30-10/2011 & WEEKEND #2: 10/14-16/2011

WHAT'S DIFFERENT BETWEEN THE FORMER WOOD BADGE COURSE STRUCTURE AND WOOD BADGE FOR THE 21ST CENTURY?

The former Wood Badge Course was divided...there was a separate course for Cub Scouts and another course for Boy Scouts/Venturing. The Cub Scout program was a Cub Scout Trainer Wood Badge course and you had to be on a training committee to be invited to attend. In the Boy Scout program, there were eleven leadership skills taught in a scout-skills setting.

Wood Badge for the 21st Century has taken all of these leadership skills and packaged them into a unique course of best practices used in business today. The focus is on the entire scouting family of programs...Cub Scouting, Boy Scouting, and Venturing. There is a strong emphasis on the Cub Scouting program in that this is where our future scouters come from. The setting has moved more from the outdoors to the classroom.

Wood Badge for the 21st Century not only gives us the roadmap to become better leaders--it teaches us how to lead using these proven best practices. It also teaches us how to teach and learn new things by assessing and analyzing what we do...It teaches us that learning is a lifelong process—we never stop learning from what we do.

Take the challenge....become the next Wood Badger in your unit. Call the Council Service Center and sign up today!

"EVERY YOUTH DESERVES A TRAINED LEADER. DOESN'T EVERY YOUTH DESERVE A WOOD BADGE TRAINED LEADER?"
