

Unit Pages: Site Settings

- Only viewed and administered by a Unit Page Administrator (initially the Unit Leader)
- controls what sections of the Unit Pages are available
- controls whether sections of the Unit Pages can be viewed by unit friends only or by the general public.

1. The following settings are available (Note: Enabling a feature determines whether or not this will appear in the right hand menu – as a default all sections are enabled).

News – check both boxes click save

Events – check enable box..... click save

Files – check enable box...Choose private or public...click save

Friends – click enable box...choose moderator (moderator role is defined from a person who is in your Friends List)

Other (a list of Unit Page editors)
